PROFESSIONAL SUMMARY

Detail-oriented Computer Science student with hands-on experience in AI integration, backend development, and web technologies. Skilled in developing intelligent systems using Flask and Machine Learning frameworks. Adept at building scalable web applications, implementing AI-driven automation, and managing SQL databases. Seeking opportunities to contribute to AI and backend development projects.

TECHNICAL SKILLS

Programming:	Python, JavaScript, C++, Java
Frameworks:	Flask, Django, Node.js
Databases:	MySQL, SQLAlchemy
AI / ML Tools:	Ollama LLaMA3, Whisper AI, Pyannote AI, ChromaDB, Wav2Lip, Coqui TTS, OpenCV
Web Development:	HTML, CSS, JavaScript
Utilities:	FFmpeg, Git, GitHub
Soft Skills:	Analytical Thinking, Collaboration, Time Management

EXPERIENCE

AI-Powered Video Assistant – Internship

PureLogics, Lahore | May 2025 – Aug 2025

- Designed and deployed an AI-driven video processing system handling meeting, educational, and interview videos.
- Implemented automated transcription, speaker identification, and insights generation using Whisper AI and Pyannote AI.
- Integrated Ollama, Coqui TTS, and ChromaDB to enable intelligent Q&A; and semantic search.
- Developed Flask backend with MySQL and PDF report generation.

PROJECTS

AI Document Chat System with Wav2Lip Integration (2025)

Developed a platform to chat with PDFs and generate realistic AI videos. Combined RAG retrieval (Ollama LLaMA3 + ChromaDB + BM25) with video generation. Added voice input (Whisper AI) and multi-user authentication using Flask and SQLAlchemy.

Tech Stack: Flask, MySQL, ChromaDB, Wav2Lip, Whisper AI, FFmpeg

Movers – Final Year Project (Ongoing)

Developing a vehicle booking platform using Flask and MySQL with payment gateway and secure authentication.

Tech Stack: Flask, MySQL

EDUCATION

Bachelor of Science in Computer Science

Riphah International University, Lahore

Expected Graduation: February 2026

Relevant Coursework: Web Development, Database Systems, AI & ML, Computer Networks, Advanced Programming

CERTIFICATIONS (Coursera)

Object-Oriented Programming in Java – Jun 2024; Approximation Algorithms – Jun 2024; Databases & SQL for Data Science – Jan 2024; Front-End Development – Jan 2024; Design Patterns – Jan 2024; Linux Process & Resource Management – May 2024
